

LEmini

Lifestyle Photo&Video

Designed for your everyday digital life, LEmini is a smart companion to your photo and video equipments.

Maximum Protection

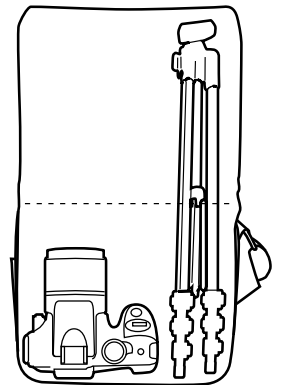

LEmini is entirely padded to protect your essentials efficiently and securely. Featuring a special additional compartment inside, it offers double protection for your most precious digital gadgets. It is also big enough to protect a digital SLR or a camcorder. Outside the bag, you can rely on its strong PVC belt and generously thick nylon.

Maximum Style

It's mini yet roomy, trendy and unique. Our French designers ingeniously endowed this minimalist bag with maximum capacity. Never again will you have the same cumbersome look, LEmini will carry all your favorite digital essentials lightly on the go! The unique color combination used by our French designers gives LEmini a trendy and stylish look, which will keep you in the fashion loop!

Maximum Efficiency

With modularity from compact size to high capacity, LEmini can even carry a tripod for the camera. Designed with iPod™ pocket outside, ear-phone hook on the strap and fast-accessible main pocket, LEmini will make your modern digital life more efficient than ever!
